COPYRIGHT NOTICE

This file has been produced from an original document, copyright of which lies with the BRB (Residuary) who gave the following permission for it to be reprinted:

"The Board has no objection to copies of these documents being made so long as they are for private information or for non-commercial enthusiast or railway club purposes and are not sold or lent for any payment other than to cover copying or transmission costs."

A list of available documents can be found at
<http://wttreprints.uk>

The original document is one of a number in my collection that I have scanned. Normally, I produce quality printed documents from my scans but I have found that these smaller documents seem to attract little interest so I have decided to make them available as free downloads. You may download and print it out as you wish.

FREIGHT TRAIN ARRANGEMENTS—continued.

SUNDAY, 12th APRIL.

Exceptional Load, consisting of a 78-ton transformer loaded on Weltrol No. W.L.41977. Hayes and Harlington to Nunhead.

Service :—6.45 a.m. (Special) Old Oak Common to Nunhead.

Restrictions :—

1. The speed of the train conveying the load must not exceed 25 m.p.h. on straight lines, 10 m.p.h. on moderate curves, and 5 m.p.h. on sharp curves and when crossing from one line to another. A speed limit of 10 m.p.h. must be observed when crossing Thames Bridge, Battersea.
2. The train to travel on the Fast or Through Lines where provided.
3. The load must not be shunted but carefully put away before shunting operations commence. Special care during transit to be taken when starting or stopping with the train on which this load is being conveyed.
4. Must not use crossovers between platforms.
5. The rail vehicle, loaded or empty, must not be placed alongside curved loading docks or other similar structures.
6. The load must be examined prior to exchange to this Region and again at frequent intervals during the journey.

Note.—Head Office Inspector will travel with load throughout. On arrival at Nunhead load to be stabled in Goods Yard.
