The original document is one of a number in my collection that I have scanned. Normally, I produce quality printed documents from my scans but I have found that these smaller documents seem to attract little interest so I have decided to make them available as free downloads. You may download and print it out as you wish.

**FREIGHT TRAIN ARRANGEMENTS—GENERAL INSTRUCTIONS.**

**CANCELLATION OF TRAINS.**

As many of the Works and Private Sidings are closed throughout the holiday period, the closest watch should be kept on the loading of Trains, and where the Traffic is not sufficient to justify the running of Trains booked in this Notice, early advice to be given the District Traffic Superintendent. The special attention of the Staff is directed to the importance of using Light Engines returning to Depot, to ensure that the best use may be made of all available steam power.

**LOADING OF OBJECTIONABLE TRAFFIC VIA LONDON DURING THE HOLIDAY PERIOD.**

As the cross-London service of Exchange Trains will be restricted no traffic of an objectionable nature must be despatched which will be likely to remain on hand in the Exchange Yards waiting service. Station Masters and Agents are required to give this question special attention and where it is anticipated that a prompt transit cannot be given the loading should be deferred until after the Holidays.

**PROHIBITED HOURS.**

The instructions shown on pages 105 to 107 (inclusive) of the current issue of the London East District Freight Working Time Table must be strictly observed.

**FREIGHT TRAIN ARRANGEMENTS—GENERAL INSTRUCTIONS—continued.**

**MAIL BAGS, ETC., BY FREIGHT TRAIN.**

Station Masters must advise the local Postmasters of the discontinuance of any Freight Train by which Mail and Parcel Post receptacles are usually conveyed.

**WORKING OF GOODS BRAKES.**

To ensure punctual starts to Trains, it is important that all Brakes not required for Up Services should be worked to London by first available Train. Station Masters, Yard Masters and Agents concerned to give this special attention.

Starting Stations must see they are supplied with the proper number of Goods Brakes to provide for the Booked Working in order to avoid late starts to Trains during the Holiday, and on the resumption of normal working on Tuesday, 26th May.

**CLEARANCE OF WAGONS.**

It is desired every facility shall be given to coal merchants and all other traders to clear wagons throughout the Holiday Period, and Station Yards should be kept open as necessary to meet consignee's wishes in this respect.
